SUBJECT: Revision to Transition Team Tasking Memo (November 19)

Per my conversation with Mr. Root, EB/ITP, you may combine two tasked papers into ~~a single~~ paper. The two papers are:

-- Iraq civil aircraft sales (Boeing) and frigate engines to Italian builders.

-- Commercial aircraft: A review of sales embargoes on terrorist patron states: Libya, Iraq, Syria and South Yemen.

The title of this paper should change to Export Embargoes on Syria, Libya, Iraq and South Yemen.

Please note that the focus of the paper does not change. The transition team's request is still limited to: commercial aircraft sales to these four countries and also in the case of Iraq, the delivery of frigate engines.
